MOSAIC COLLECTION

SICIS®

Di collezione in collezione l'invito resta lo stesso: scegliere, inventare, sviluppare materiali unici ed esclusivi con un obiettivo, vedere oltre la funzionalità del prodotto e giocare sull'eleganza per andare oltre le regole. Idee illuminanti che esprimono una visione nuova e sperimentale del mondo delle superfici da rivestimento.

La nuova collezione di Sicis ha come punto di arrivo la bellezza, la raffinatezza del prodotto esaltata attraverso la materia, la speciale forma ed i colori in pasta o retroverniciati.

La collezione Crystal permette di creare soluzioni di decoro totalmente inedite, sia per gli interni che per gli esterni e in molti casi personalizzabili. Dai disegni arabeschi per le superfici di una hammam da sogno, ai motivi policromi di una eclettica penthouse, si spazia quindi dai pattern più moderni fino ai classici eleganza 'tone su tone' o monocromo. I lati delle tessere Crystal sono stati creati ad arte per permettere l'articolazione con altre tessere di mosaico Sicis in pasta vitrea, in formato 1,5 x 1,5 cm e 1 x 1 cm.

Lo sguardo di Sicis è proiettato verso un mondo in evoluzione, dove, ogni superficie è protagonista dello spazio al pari di un'opera di design, l'armoniosità dell'ambiente nella sintesi d'insieme.

In every collection the focus remains the same: choose, invent and develop unique and exclusive materials that can go beyond the functionality of the product and play with the elegance of the style expressing a new and experimental vision of the world of covering surfaces.

The new collection has, as its point of arrival, the refinement of the product enhanced through the material: a special shape in color paste or back-painted.

Crystal collection allows to create totally new decoration solutions, both for indoor and outdoor projects, customizable.

From the arabesque designs for the surfaces of a dream hammam to the multicolored motifs of a refined penthouse, it ranges from the most modern patterns to the classic 'tone on tone' or the monochrome elegance.

The sides of the Crystal tiles have been created to allow its combination with other Sicis mosaic tesserae in vitreous paste, in 1,5 x 1,5 cm and 1 x 1 cm format.

Sicis is projected towards an evolving world, where every surface is the protagonist of a space and each element affects its beauty.
